

Risk Indicators

A risk profile is an evaluation of an individual's willingness and ability to take risks. Risk in this sense refers to portfolio risk.

Conventional Classification

As per the FSCA Conventional risk classification, an Instrument investing in "Alternative Assets" is deemed to be of Higher risk.

Alternative Classification

Within the "Alternative Asset Class" spectrum; this investment can be classified as a "Low to Medium Risk" investment

Fluctuations or movements in exchange rates may also cause the value of underlying investments to go up or down. This document does not include the full details of how our investment plans work. The information in this document must be read with the relevant fact files. nReach Capitis is a registered financial services provider (registration number 2016/316020/07). The information given in this document is based on nReach Capitis's understanding of current law and practice in South Africa. No liability will be accepted for the effect of any future legislative or regulatory changes.

Investment Objective

The note's aim is to deliver returns in excess of the Average 3-7 year to Maturity Bond Index of FTSE/JSE All Bond Index (ALBI), after fees over a fixed 5-year term. The Notes will bear interest at the Fixed Interest Rate (nominal annual compounded annually) equal to 11.84% per annum for the period from and including the Interest Commencement Date. A strong emphasis is placed on the predictability of returns and the probabilities of outcomes as priced into the "Contract for Yield" (CFY™). A CFY™ can be defined as capital deployment through Collateralised, Securitised Debt instruments.

Investment Strategy

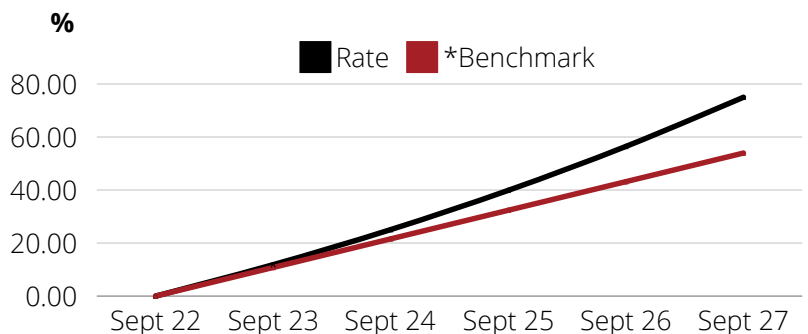

The Notes invest in mezzanine finance and redeemable preference shares, both with 5-year maturity cycles. These instruments will be invested in those instruments which are identified and approved by nReach Capitis Holdco (the Investment Manager). The premise of Note Assets is ownership of liquid, movable assets. Capital is only provided for growth purposes and not to purchase shareholding from existing shareholders. Cessions and pledges of shareholding are taken from owner-operators of the investee companies.

The portfolio will invest in various businesses, including some of the following sectors:

Cumulative Projected Yield at Note Maturity

Since - (12/09/2022 to 12/09/2027)

*Benchmark - Average 3-7 year to Maturity Bond Index of FTSE/JSE All Bond Index (ALBI) in ZAR. The ALBI 3-7 Year is a sub-index of the ALBI Index based on a term to maturity of 3-7 years. This sub-index allows for analysis of the Vanilla Bond Market by term and by liquidity. 30/06/2024

Cumulative Projected Yield at Note Maturity

	Fixed Rate Note	Benchmark*
1 Years	11.84%	10.14%
2 Years	25.08%	20.28%
3 Years	39.89%	30.42%
4 Years	56.45%	40.56%
5 Years	75%	50.70%
